ABOUT US

Professional equipment for quality product.

Professional equipment for quality product.

Novasa Sprayers, manufacturing all kinds of spare parts for agriculture and livestock, continues its operations in Konya.

In order to prepare its technology to produce for the world standards and meet the increasing demands of the costumers, Novasa has adopted quality and mass production mentality with computer aided design and production machines.

While proceeding step by step towards its goals of being a world brand, it continues to make all the necessary investments for this target.

Novasa is proud to be a company which services its customers before and after sales, works with a sense of responsibility and is dedicated to constantly improve and renew itself.
